Dear Families,

Welcome back everyone to what will be another exciting term of learning here at KVPS; including our Year 5, 6 and 3,4 levels camps. The inclusion of such programs in the curriculum allows students to transfer their learning to real life experiences, and further develop their prior knowledge, make connections and deepen understandings.

Our Prep students have now settled in to their classrooms and have confidently stepped in their learning environments. It has been a joy to visit classrooms this past week and talk with students about their term holidays, and what most they were looking forward to learning this term. At KVPS we value student feedback about their learning, and as a learning community look to the best research to support students to become active participants. An example has been a group of our Year 5 students who were successful in celebrating what is great about being at Keilor Views, by having their clip selected on to the educational forum Behind the News (BTN). It is amazing to think that these students took initiative to send this clip in, and that they demonstrated the value of pride in their school on their own. You can view this short clip at: <http://www.abc.net.au/btn/topic/kindclassrooms.htm>

The Melbourne Declaration (2008) outlined for schools that students need to be able to-

"Respond to the challenges of the twenty-first century – with its complex environmental, social and economic pressures – requiring young people to be creative, innovative, enterprising and adaptable, with the motivation, confidence and skills to use critical and creative thinking purposefully".

We share this aspiration for all of our learners here at Keilor Views Primary School and look forward to sharing and celebrating this with you across the term on Tiqbiz and in our newsletter.

Kind regards,
 Helen Butler
 Assistant Principal
