ASSIST. PRINCIPALS: Helen Butler & Gloria Puopolo

Dear Parents,

At Keilor Views Primary School, our Effective Learner Qualities (ELQs) play an important role in building the capability of our learners to meet the growing demands of the 21st century. Many of the jobs and careers that our students will be employed in are possibly not even invented yet! Therefore, a focus on skills and dispositions that translate across many fields is important for all learners to acquire.

According to research, self-efficacy is the belief of students themselves that they can successfully complete learning tasks, and that they possess the necessary behaviors to meet challenges in a critical and creative way. Students with a strong sense of self-efficacy are more likely to be persistent, enjoy challenge and utilise learning strategies more effectively in order to problem solve. In some countries, including Australia, self-efficacy has shown to be a stronger indicator of academic achievement than many other influences.

Each one of our ELQs has specific skills and dispositions that students understand and can use in their day-to-day learning at KVPS and beyond.

For example the ELQ:

Self-Aware – At KVPS, self-aware learners are knowledgeable about themselves as people and learners. They use their prior knowledge to learn new things, know their personal learning goals and know, and understand the learning intention and success criteria of each lesson. Self-aware learners know their stretches and their strengths, and have a number of strategies and skills they can use when they ‘get stuck’.

If you would like to know more about, all of our ELQs please download the student handbook from our website.

Kind regards,
 Helen Butler

Assistant Principal

Events

Date: Wednesday 7th June
Whole School Incursion
Frane Lessac: Visiting Author

Date: Thursday 8th June
Prep Incursion- ‘The Zoo Comes To You’

Date: Monday 12th June
