PRINCIPAL: *Helen Butler*

ASSISTANT PRINCIPALS: Gloria Puopolo & David Cocks

Dear Parents, Carers and Community,

As the newest member of the leadership team here at Keilor Views Primary School I am incredibly humbled to be able to be part of such an inclusive, engaged and passionate learning community. I have been warmly welcomed by students, staff and parents alike and I thank you for making me feel at home. As many of the students have realised my accent is not Australian; I was born and started my teaching career in the UK and after emigrating in 2010 I have worked for the past 7 years in the Queensland and the Northern Territory education systems. I have a broad experience in a number of roles undertaken at the school leadership and system level, predominantly focused on improving teaching and learning through coaching teachers and leaders in evidence-based practices. My most recent role as Assistant Principal of a large primary school in Darwin gave me the opportunity to see the important link between strong community relationships and learning success for students. My passion for education and learning is largely influenced by my parents who believed very strongly that with the right learning my siblings and I would be able to accomplish anything we put our minds to. I hope to transfer this passion for learning to the students, staff and parents I work with as an educator.

I recently moved to Victoria with my partner and our daughter, Maia, who keeps me grounded in wanting the best learning experiences for every child, every day. My background in the evidence-based practices and research that sit behind the most impactful learning experiences for students, align well with the excellent work taking place at KVPS. I greatly enjoy the connection between curiosity, learning and finding our purpose in life – as Einstein said “I have no special talents. I am only passionately curious.” My interests beyond the classroom lie in art, science (particularly animals and plants) and music, and I hope to have the opportunity to share these with our learners during my time here at KVPS. Having recently left the wet season in Darwin I look forward to experiencing my first winter in 8 years and will be digging out my warm clothes in anticipation!

Best wishes,  
 David Cocks  
 Assistant Principal

## Events

**Monday – 7<sup>th</sup> May**
